Re: Petition for Reclassification of Pentwater, Michigan Channel 231A
to 231C3

Dear Sir:

The referenced petition is resubmitted. This petition was originally submitted December 10, 1990, but was not accepted by the Commission. In a letter dated January 14, 1991 from the allocation branch, petitioner was informed that the petition was not acceptable because (1) it did not include a signed original and (2) it did not include a statement that C&S Broadcasting, Inc. would apply for the channel if allotted.

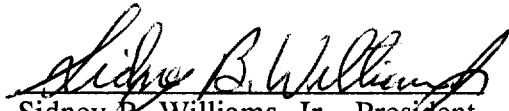

The attached petition includes a signed original and a statement that C& S Broadcasting, Inc. will apply for channel 231C3, Pentwater, Michigan if allocated. An original and three copies of the petition are enclosed.

It should also be noted that the signed originals of the Engineering studies were not returned along with the copies of the petition to the petitioner.

Also, the present address of the Petitioner is:

C&S Broadcasting, Inc.
7640 Ravenswood Drive
Portage, MI 49002

Very truly yours,

Sidney B. Williams, Jr., President
C & S Broadcasting, Inc.

PETITION FOR RULE MAKING

FEB 5 11 45 AM '91

The petitioner, C&S Broadcasting, Inc., present address 7640 Ravenswood Drive, Portage Michigan 49002, presently holds a construction permit, File No. BPH-890511ML, for an FM facility on channel 231A (94.1 MHz) with an ERP of 3 kW in Pentwater, Michigan using a site at geographic coordinates:

North Latitude: 43 42 13.0
West Longitude: 86 28 50.0

The Petitioner requests that the Pentwater, MI channel 231A be classified as 231C3. The requested change will compel a change of the site, specified in the Construction Permit to avoid a short-spacing to station WIBM-FM, channel 231B in Jackson, MI, see attached printout. The assumed geographic coordinates for the proposed site are:

North Latitude: 43 46 38
West Longitude: 86 26 25

Any other set of coordinates, meeting the above spacing requirements can be considered.

The petitioner, C&S Broadcasting, Inc will apply for Pentwater, MI channel 231C3 if it is allotted.

From the assumed site the petitioner will comply with all spacing requirements and place a 70 dBu contour over all of Pentwater and beyond. Petitioner will also provide an additional fulltime service in the incremental area.

The requested change will result in a better utilization of channel 231.

Accordingly, It is requested herewith that the FM Table of Assignments be amended as follows:

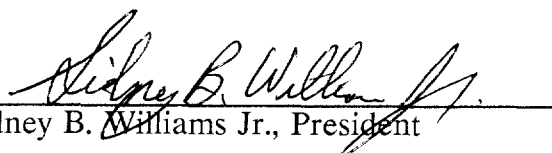

Pentwater, Michigan

Present: 231A, 276A

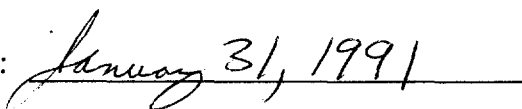

Proposed: 231C3, 276A

C&S Broadcasting, Inc
